Abdur Razzak Zubaer

Research Interest

- Environmental and Social Impact Assessment Practices in Bangladesh
- Water, Sanitation, and Hygiene
- Gender in WASH

Academic Credentials

Bangladesh University of Engineering and Technology
Master of Science in Environmental Engineering
Ongoing

Master of Science in Environmental Science and Management — CGPA 3.74/4.00
Bangladesh University of Professionals (BUP)
January 2022 to December 2022

Bachelor of Science in Civil Engineering — CGPA 3.287/4.00
Ahsanullah University of Science and Technology
November 2016 to August 2021

PROFESSIONAL EXPERIENCE

From	To	Employer	Positions Held
Jan-25	On-Going	World University of Bangladesh	Lecturer
Apr-24	Jan-25	Environment and Resource Analysis Center (ENRAC)	Environmental Engineer
Oct-22	Mar-24	ACE Consultants Limited (Subsidiary of SMEC International Pty Ltd.)	Junior Environmental Engineer
Apr-22	Sep-22	ACE Consultants Limited (Subsidiary of SMEC International Pty Ltd.)	Graduate Engineer
Jul-21	Mar-22	Eagle Fibre Industries Ltd.	Assistant Environmental Engineer
Jan-20	Jun-21	Ahsanullah University of Science and Technology	Research Assistant

Research Experience

Academic Supervisor – Undergraduate Level (January 2025 to Present)
World University of Bangladesh (WUB)
Title: Assessing Environmental and Socioeconomic Concerns in The Expansion of the Dhaka-Chittagong Highway: Focus on the Dhaka Corridor.

Postgraduate Research Work (January 2022 to December 2022)
Bangladesh University of Professionals (BUP)
Title: Evaluation of drinking water and sanitation services in Dhaka: A review
Research Supervisor: Dr Shafi Mohammad Tareq

Undergraduate Research Work (February 2020 to July 2021)
Ahsanullah University of Science and Technology (AUST)
Title: Feasibility Study on Concrete Dust as a Substitute for Filling Sand for Road Construction
Research Supervisor: Shafiqul Islam

Published Journal Articles

- A comparison between inclined shear reinforcement and loop shear reinforcement on RC beam: Finite Element Analysis. (2021). Malaysian Journal of Civil Engineering; Volume 33 No 3; https://doi.org/10.11113/mjce.v33.17307
- Feasibility Study on Concrete Dust as A Substitute of Filling Sand for Road Construction. (2022). Journal of Advances in Geotechnical Engineering; Volume 4 Issue 3; https://doi.org/10.5281/zenodo.5792993
- An Overview of the foot over-bridge at Dhaka City. (2022). Journal of Advances in Civil Engineering and Management (Volume 5; Issue 1); https://doi.org/10.5281/zenodo.6087177
- Reliability Analysis of Rooftop Rainwater Harvesting Using Daily Water Balance for an Educational Institute. (2022). Journal of Engineering Analysis and Design (Volume 4; Issue 1); https://doi.org/10.5281/zenodo.6086805
- Evaluation of Bangladesh's SDG6 achievement: A review. (2023). Journal of Environmental Engineering and its Scope (Volume 6; Issue 1); https://doi.org/10.5281/zenodo.7627649
- An Analysis of the Quality of Dhaka's Potable Water and Sanitation Services. (2023). Journal of Environmental Issues and Climate Change (Volume 2; Issue 1); https://doi.org/10.59110/jeicc.v2i1.134
- A Comparison of Long-Term Meteorological Data of Khulna and Dhaka to Comprehend Climate Change Impacts. (2023). Journal of Environmental Engineering and its Scope (Volume 6; Issue 2); https://doi.org/10.5281/zenodo.8131076
- Structural behavior of CFRP wrapped circular hollow bridge piers under cyclic loading considering local buckling limit state. (2024). Asian Journal of Civil Engineering. https://doi.org/10.1007/s42107-024-00993-2
- Impact of Code Changes on The Design of RC Frame Structure. (2024). https://doi.org/10.21203/rs.3.rs-4404310/v1

Conference Proceedings

- Short-term and Long-term Aging Performance of Styrene Butadiene Styrene (SBS) Modified Asphalt Binder. (2023). Proceedings of the Second International Conference on Advances in Civil Infrastructure and Construction Materials. Dhaka, Bangladesh.
- Life Cycle Assessment of Rigid and Flexible Pavements: A Review in Bangladesh Perspective. (2023). Proceedings of the Second International Conference on Advances in Civil Infrastructure and Construction Materials. Dhaka, Bangladesh.
- A Critical Analysis and Investigative Assessment of The Influence of Ride-Sharing Services on The Transportation System in Dhaka. (2024). Proceedings of the 7th International Conference on Civil Engineering for Sustainable Development (ICCESD 2024), 7~9 February 2024, KUET, Khulna, Bangladesh.

- A Case Study on Land Use and Land Cover Changes in Specific Areas in Chattogram City Corporation. (2024). Proceedings of the 7th International Conference on Civil Engineering for Sustainable Development (ICCESD 2024), 7~9 February 2024, KUET, Khulna, Bangladesh.
- A Systematic Review on High and Low-Temperature Performance of Nanomodified Asphalt Binder Considering Short and Long-Term Aging. (2024). Proceedings of the 7th International Conference on Civil Engineering for Sustainable Development (ICCESD 2024), 7~9 February 2024, KUET, Khulna, Bangladesh.

MEMBERSHIP

- Member, The Institution of Engineers, Bangladesh (M53458)

TRAINING

- Outcome-Based Education (OBE): Develop courses and assessments based on measurable learning outcomes.
- CO–PO Mapping and Attainment Analysis: Conduct Course Outcome and Program Outcome mapping and attainment.

COMPUTER AND SOFT SKILLS

- GIS Tools: ArcGIS, QGIS
- Drafting: AutoCAD
- Design and Analysis: ETABS, JASP, and SPSS
- Programming languages: C Programming, Python
- MS 365

THESIS SUPERVISION (UNDERGRADUATE)

- Evaluating the Environmental Degradation and Health Risks Associated with Brick Kilns in Dhaka's Outskirts.
- Assessing Environmental and Socioeconomic Concerns in the Expansion of the Dhaka-Chittagong Highway: Focus on the Dhaka Corridor.
- Evaluating the Suitability and Performance of Landfill Liner Types in Bangladesh: A Developing Country Perspective.
